

August 8,2010

Dear Parents/Guardians:

The Olympia Gymnastics Booster Club website is a place where you are able to find valuable information:

- **About OGBC** lists what the booster club does, meeting minutes, the OGBC board members, and the OGBC committees. Coming soon you will find all the travel information needed during the season.
- **Meet Information** contains the meet schedules for the year, statistics for levels 3 – 10 from the meets they attend and meet information from the meets we sponsor.
- **Photo Gallery** is a place where photos from the year go.

So that the website can contain current photos of the gymnasts from meets, practices, etc, a current permission slip needs to be signed. This permission slip states that it is okay or not okay for their pictures to be used. None of the pictures used will be inappropriate or contain gymnasts name. For any questions please feel free to call me at (586) 337-3383. If there is something you would like to see on the web site please feel free to email me at wendy.yoskovich@olympiabooster.com

Again this year, following in the footsteps of Olympia Gymnastics Academy and to decrease printing costs of miscellaneous communications, the Olympia Gymnastics Booster Club would like to communicate with the members using e-mail.

Please select your preferred method of delivery. All e-mail addresses will be restricted so no one will be able to view your e-mail address. E-mail addresses will not be distributed and will be used only for OGBC information distribution.

Thank you,

Wendy Yoskovich

Please sign and return to the **YOSKOVICH** mailbox (top drawer, Level 7–Elite).

Gymnast Name _____ Level _____

- I give my permission for pictures of the gymnast named above to be used on the booster club website.
- I **DO NOT** give my permission for pictures of the gymnast named above to be used on the booster club website.

- Please send OGBC communications via e-mail.

e-mail: _____

- Please place a hard copy of any OGBC communications in my mailbox.
